ACTION PLAN

WELCOME

This section provides background information on The Birkman Method® and outlines the purpose and benefits of your Signature Report.

WELCOME

Background

The Birkman Method is a powerful tool that identifies your strengths, behaviors, motivations, and interests.

The Birkman Method is reliable.

This means that the results of the assessment remain relatively stable over time.

The Birkman Method is valid.

This means that statistical studies have been and continue to be conducted to ensure that the assessment measures what is intended.

Purpose

When you have finished reviewing your report you will know more about yourself, what makes you unique, and how this impacts you and those with whom you interact. Being empowered by this information will help you in virtually all parts of your life.

Specific benefits include:

- Learning what interests you at work and at home
- Discovering what behaviors others notice about you
- Articulating your unique strengths and opportunities
- Exploring your career interests with scientifically-backed data

For over **65 years**, The Birkman Method® has been helping people reach further with our unique yet scientific approach to behavioral & occupational assessments. Used by millions of people and the **world's best companies** to:

- > develop leaders
- > improve teamwork
- > explore careers
- > select talent
- > increase sales and productivity

What do you hope to learn from your Birkman Signature Report?

BIRKMAN COLOR KEY

We take these four colors seriously at Birkman. Our use of color becomes shorthand for understanding fundamental differences between people. Below is a breakdown of the significance of each Birkman color.

RED	DOER RED is the Birkman color for people who prefer to make quick decisions and get results. Reds are direct and action-oriented and give full attention to the task at hand. Reds enjoy building, working with their hands, organizing people and projects, solving practical problems, and producing an end product they can see and feel. Reds are objective, energetic, commanding and enjoy team competition. Reds get results through action.	COMMUNICATOR GREEN is the Birkman color for people with a strong desire to communicate and work with people. Every time you see a Green, they are selling, persuading, promoting, motivating, counseling, teaching or working with people to get results. Greens who believe in a product, service or idea can communicate about it with ease and a natural confidence. If you want someone to win friends and influence people, a Green is your person for the job.	GREEN
YELLOW	ANALYZER YELLOW is the Birkman color for people who love working with processes, details, definitions and rules. Yellows enjoy doing careful and detailed calculations, scheduling, recordkeeping, and establishing systematic procedures. They are usually comfortable with numbers, place a high priority on being fair, and are cautious and thorough in analysis. Yellows are task-oriented and often prefer indirect communication methods including forms, rules and regulations. If you need to get organized, find a Yellow.	THINKER BLUE is the Birkman color for the concept and idea person. Blues love innovation, being creative and long-term planning. They enjoy abstract thinking and discovering new ways to solve problems. Blues thrive on generating fresh ideas and coming up with the most viable solutions for the problem at hand. Blues tend to be introspective, and while they love originality and innovation, they may need to be around other creative individuals to trigger the spark.	BLUE

YOUR BIRKMAN MAP

Your Birkman Map® provides an aerial view of who you are and allows you to see how and where you fit into the big picture.

BIRKMAN MAP

The Symbols on your Birkman Map identify who you are on two key dimensions. The placement of the symbol within a color quadrant represents the degree to which you display similarities to that color quadrant. The left and the right sides of the map (horizontal axis) represent your preference for dealing with tasks or people. The top and the bottom (vertical axis) represent whether you are more extroverted or introverted in your style.

INTERESTS - The Asterisk represents what you like to do and where you gravitate in terms of activities you enjoy.

USUAL BEHAVIOR - The Diamond represents how you usually behave. These are your strengths, and they compose your best, most productive style. This is how other people see you. Usual Behavior is how you act when your Needs have been met.

NEEDS - The Circle represents how you need to be or expect to be treated by other people and your environment. Needs often remain hidden or invisible to others.

STRESS BEHAVIOR - The Square represents your frustrated behavior. This is your reactive, unproductive style. Stress Behavior is how you act when your Needs have not been met for an extended period of time. You may see some of the challenges you face arise here.

EXPLANATION OF YOUR INTERESTS (THE ASTERISK) *

The kinds of activities you prefer are described by the Asterisk. Your Asterisk is in the BLUE quadrant. You enjoy creative activities.

Interests in the BLUE quadrant include:

- planning
- dealing with abstraction
- thinking of new approaches
- innovating
- working with ideas

Your Asterisk shows that you like to:

- innovate or create
- plan how to do things
- consider the future
- create new approaches
- look at things theoretically

EXPLANATION OF YOUR USUAL BEHAVIOR (THE DIAMOND)

The productive way you set about your tasks is described by the Diamond. Your Diamond is in the BLUE quadrant, but it is also fairly close to the Green quadrant. When you are working effectively, you are generally insightful and persuasive.

Usual Behaviors in the BLUE quadrant include being:

- insightful
- selectively sociable
- thoughtful
- reflective
- optimistic

Your Diamond shows that you are usually:

- thoughtful and reflective
- insightful and optimistic

Your Diamond shows that you also tend to be:

- competitive
- enthusiastic
- assertive

EXPLANATION OF YOUR NEEDS (THE CIRCLE) ●

The support you need to develop your Usual Behavior is described by the Circle. Your Circle is in the RED quadrant, but it also lies fairly close to the Yellow quadrant. To be most effective, you respond best to people who are logical and systematic.

Those with Needs in the RED quadrant want others to:

- encourage group interaction
- offer clear-cut situations
- give plenty to do
- be direct and logical

Your Circle shows you are most comfortable when people around you:

- give you clear-cut decisions to make
- who are objective and rational in their delegation of tasks to you

Your Circle shows that you also respond well to people who:

- encourage trust and fairness
- tell you the rules and then don't interrupt you unnecessarily
- are democratic rather than assertive

EXPLANATION OF YOUR STRESS BEHAVIOR (THE SQUARE)

Your Stress Behavior is described by the Square. Your Square is in the RED quadrant, but it also lies fairly close to the Yellow quadrant. When people don't deal with you the way your needs suggest, you may become impatient and inflexible.

Those with Stress Behaviors in the RED quadrant:

- find it hard to give individual support
- become impatient
- are "busy" for the sake of it
- dismiss others' feelings

Your Square shows that under stress you may become:

- busy for the sake of it
- insensitive

Your Square shows that you may also become:

- over-organizing and rigid
- resistive to change

YOUR INTERESTS

This section looks at your interests. High scores indicate activities you enjoy. Low scores indicate areas you would prefer to avoid. Interests do not always translate to skill but do represent important motivators.

BIRKMAN INTERESTS

LITERARY

Appreciation for language

Activities include:

Writing, reading, editing

PERSUASIVE

Persuading, motivating, selling

Activities include:

Debating, influencing, promoting

ARTISTIC

Creation, appreciation for arts, aesthetics

Activities include:

Painting, appreciating art, designing

MUSICAL

Playing, singing or listening to music

Activities include:

Attending concerts, collecting and appreciating music

ADMINISTRATIVE

Systems, order and reliability

Activities include:

System tracking, record keeping, categorizing

SCIENTIFIC

Research, analysis, intellectual curiosity

Activities include:

Investigating, exploring medicine, experimenting

SOCIAL SERVICE

Helping, advocating for people

Activities include:

Teaching, counseling, volunteering

NUMERICAL

Working with numbers and data

Activities include:

Accounting, investing, analyzing

OUTDOOR

Work in an outdoor environment

Activities include:

Being outdoors, farming, gardening

TECHNICAL

Hands-on work with technology and machinery

Activities include:

Programming, assembling, using gadgets

YOUR BEHAVIORS

This section takes an in-depth look at how you behave and what makes you tick. This section will also explore how you are likely to react when you find yourself in stressful situations.

USUAL, NEEDS & STRESS

SOCIAL ENERGY

Your sociability, approachability, and preference for group and team participation

Your natural friendliness toward others keeps you interested and involved in the activities of groups. As a rule, you are accepting of people and are at ease in most social situations. Genuine social awareness is one of your real strengths.

Usual Behavior:

- sociable
- communicative
- at ease in groups

Usual Behavior

Needs:

However, it is necessary for you to have a reasonable amount of time to spend by yourself or in the company of one or two other people. A balance of group and private activities is best, as this allows you to maintain your sense of well-being.

Needs

Causes of Stress:

Too much time spent on solitary activities can result in feelings of loneliness; but you may also find yourself anxious to relieve the pressure of continuous social or group activities.

Stress Behavior

Possible Stress Reactions When Needs Are Not Met:

- withdrawal
- over-eagerness to please the group

USUAL, NEEDS & STRESS

PHYSICAL ENERGY

Your preferred pace for action and physical expression of energy

Among your considerable assets is a recognition of the need to combine action with careful and thoughtful planning. However, you tend to emphasize the thought process so that you minimize needless wasting of your valuable energy.

Usual Behavior:

- good work capacity
- thoughtful, yet energetic
- balance of vigor and reflection

Usual Behavior

Needs:

Although you personally like to devote some time to thinking and planning, you also expect your environment to be more action-oriented. You need a background of definite things to do and opportunities to be physically active.

Needs

Causes of Stress:

Because your need is at some variance to your preferred style, you respond adversely to lack of stimulus from your surroundings. You can become dispirited and unexpectedly fatigued in such a situation.

Stress Behavior

Possible Stress Reactions When Needs Are Not Met:

- delaying necessary action
- tedium and boredom
- over-emphasis on reflection

USUAL, NEEDS & STRESS

EMOTIONAL ENERGY

Your openness and comfort with expressing emotion

As with many of us, you have an emotional side, and you have a practical side. However, you tend to balance the two in an admirable way. You can be practical when you need to be, but also can express warm, sympathetic feelings when appropriate.

Usual Behavior:

- objective, yet sympathetic
- warm and caring, yet practical

Usual Behavior

Needs:

Your need for warmth and sympathy from others is somewhat less than what you have to offer them. You are most comfortable when other people emphasize practical and logical matters, keeping emotional concerns low-key, especially when you are distressed.

Needs

Causes of Stress:

When other people put too much emphasis on feelings and emotions, it tends to enhance your basic sympathetic approach, causing you to lose sight of the facts. This can easily upset your need to minimize emotional complexity.

Stress Behavior

Possible Stress Reactions When Needs Are Not Met:

- magnifying difficulties
- feeling blue
- becoming too subjective in outlook

USUAL, NEEDS & STRESS

SELF-CONSCIOUSNESS

Your use of sensitivity when communicating with others

Your natural tendency is to be direct and straightforward in your personal relationships. Objectivity and frankness are among the considerable assets resulting from your ability to minimize self-conscious feelings.

Usual Behavior:

- unevasive
- matter-of-fact
- frank and open

Usual Behavior

Needs:

In the same way, you are most comfortable when others are frank and direct toward you. When being praised, you need to feel that the compliment is genuine and free of sentiment.

Needs

Causes of Stress:

In the presence of shyness or evasiveness you are likely to feel uncomfortable. You do not respond well to subtlety from others, making it sometimes difficult for you to recognize their personal needs and feelings.

Stress Behavior

Possible Stress Reactions When Needs Are Not Met:

- reduced concern for others
- detachment
- tactless statements

USUAL, NEEDS & STRESS

ASSERTIVENESS

Your tendency to speak up and express opinions openly and forcefully

You deal with people best on the basis of discussion and suggestion. When giving direction to others, you have the decided asset of asking rather than telling, and you come across to others as pleasant and easy-going.

Usual Behavior:

- pleasant
- agreeable
- self-directive

Needs:

For highest productivity, you need a peaceful environment. You respond best to people who involve you in the decision-making process rather than order you to follow other people's instructions.

Causes of Stress:

Direct confrontations are likely to make you uncomfortable, especially when they become personal or emotional. You may feel intimidated by highly authoritarian people.

Possible Stress Reactions When Needs Are Not Met:

- resistance to others' direction
- difficulty speaking up
- avoidance of open disagreement

Usual Behavior

Needs

Stress Behavior

USUAL, NEEDS & STRESS

INSISTENCE

Your approach to details, structure, follow-through, and routine

You enjoy exercising a certain amount of individual initiative while at the same time recognize the importance of having systems and procedures in place and functioning. This flexibility facilitates accomplishment.

Usual Behavior:

- alert to new ideas
- combines initiative with procedure
- self-starting, but adaptable

Needs:

A background of familiarity and support is most conducive to the exercising of your strengths. It is especially important for you to share in the reasons and causes of projects that others ask you to accomplish.

Causes of Stress:

Without this background of organized support, you may find yourself unexpectedly resistive to system and procedure. When others are too casual, you may not have sufficient identity with the purposes and reasons for a task.

Possible Stress Reactions When Needs Are Not Met:

- resistance to routine
- neglect of detail
- weakened follow-through

Usual Behavior

Needs

Stress Behavior

USUAL, NEEDS & STRESS

INCENTIVES

Your drive for personal rewards or preference to share in group rewards

As a predominantly idealistic person, you value cooperative effort and the concepts of trust, loyalty and team spirit. You can think and reason in terms of intangible benefits, and prefer to minimize face-to-face, competitive rivalry.

Usual Behavior:

- trustful
- loyal
- service-oriented

Usual Behavior

Needs:

Underneath, you expect a certain amount of competition, and need some reassurance concerning your personal advancement. While you value team effort, it is good for you to receive recognition for individual effort.

Needs

Causes of Stress:

Your respectful attitudes can complicate matters when you are involved in face-to-face conflicts, since your feelings and opinions are stronger than they appear to be. Also, you can find others who are opportunistic or unrealistic a source of discomfort.

Stress Behavior

Possible Stress Reactions When Needs Are Not Met:

- becoming distrustful
- becoming impractical

USUAL, NEEDS & STRESS

RESTLESSNESS

How you prefer to focus attention or change focus and seek varied activities

Novelty and adventure stimulate you, as you are always alert to start new things. You find it easy to adapt to changes, and will even effect change from time to time to alleviate boredom.

Usual Behavior:

- takes changes in stride
- responsive and attentive
- adaptive

Usual Behavior

Needs:

However, your environment must allow you the freedom of choice in order for you to get maximum benefit from your strengths. You are at your best in surroundings that encourage individual initiative so that you can determine your own routine.

Needs

Causes of Stress:

Changes which are unexpectedly forced upon you may cause you to respond adversely. The flexibility which characterizes your strength may become a handicap under these conditions.

Stress Behavior

Possible Stress Reactions When Needs Are Not Met:

- difficulty controlling restlessness
- concentration problems
- annoyance at delays

USUAL, NEEDS & STRESS

THOUGHT

Your decision making process and concern for consequences in making the right decision

Your typical decision-making style is generally thoughtful, reflective and sometimes painstaking. You have the asset of being able to see the many sides of issues and give careful consideration to all the possibilities before committing to a decision.

Usual Behavior:

- thoughtful
- reflective
- weighs both sides of issues

Needs:

However, while you are comfortable with complex issues and problems, you need occasional opportunities to deal with more straightforward situations which allow you to be more decisive. You may feel a need for extra time when handling ambiguities.

Causes of Stress:

As long as you feel that you have ample time to think things through carefully, you can be quite effective with your style of decision-making. But when time is short, you may become worrisome and fearful of making the wrong choice.

Possible Stress Reactions When Needs Are Not Met:

- unnecessary worry about decisions
- impulsivity

Stress Behavior

YOUR STRENGTHS

Now let's identify the strengths that make you uniquely you. These strengths were generated based on your Birkman Interests scores and Birkman Component scores. Carefully read each statement and check the ones that are most significant to you.

- ☐ You like influencing people directly, persuading them to your point of view or training them
- ☐ You are interested in the visual appeal of products and services, and may well have an artistic ability of your own
- ☐ You like working with the written word, which may involve anything from documentation to the production of marketing materials
- ☐ You respond well to sound, and therefore you are interested in music, the spoken word, or any media which have an audio component to them
- ☐ You are straightforward and find it fairly easy to speak your mind, even with superiors
- ☐ You meet people easily and relate well to others when they are involved in group activities
- ☐ You enjoy low-key discussions, where everyone's contribution can be heard; you don't find it necessary to dominate
- ☐ You appreciate an environment where everyone wins together
- ☐ You like to have plenty of variety in your work, and to have more than one task to do at a time
- ☐ You can handle ambiguous situations well, where the best answer may be less obvious or buried in important details

YOUR CAREER EXPLORATION

This section takes the information we have covered thus far and matches your personality profile to career families.

CAREER EXPLORATION OVERVIEW

The Career Exploration Overview is intended to expose you to the in-depth occupational information the Birkman measures. This page displays your strongest career options based upon your scores for Interests, Usual Behavior and Needs. This information will give you a better understanding of yourself and the careers in which you will be most comfortable.

Why might knowing this be helpful to you?

It depends on your career goals. If you are interested in exploring career fields, now or in the future, your Birkman results provide meaningful data around job families you may wish to consider and explore. They are not designed to be a predictor of success nor limit your exploration. Instead, we hope that you may use this data to formulate a deeper understanding of your ideal environments and the jobs you might enjoy.

CAREER EXPLORATION OVERVIEW

This section gives you additional information on the Job Families you most closely match. If you are interested in a more detailed career exploration that includes your match to specific careers, request a copy of your Career Exploration Report from your Birkman Consultant.

Your Top 6 Career Areas to Explore

Arts, Design, Sports, Media, & Entertainment
Creating and/or expressing ideas or demonstrating talents through various media for entertainment, informational, or instructional purposes. Duties may include acting, dancing, singing, designing graphics, operating media equipment, translating text, writing literature, producing/directing movies or plays, public speaking, radio announcing, competing in sporting events, news reporting, among other specific functions within the media.

Sales & Related
Selling goods or services to a wide range of customers across various industries. Duties may include selling retail, appliances, furniture, auto parts, medical services, insurance, real estate, financial or consulting services, securities and commodities, as well as other products/services.

Management
Planning, directing, and coordinating high-level activities within an organization. Duties may include managing personnel, creating budgets, developing and implementing strategies, creating organizational policies, and supervising company operations. These managerial functions are similar in nature across various industries and fields (e.g. engineering, sales, human resources, medical).

Food Preparation & Serving-Related
Preparing and cooking foods and/or serving patrons in dining establishments or other settings. Duties may include checking food quality, mixing drinks/ingredients, cleaning dishware, taking orders, planning menus, and other food/serving-related functions.

Healthcare Practitioner & Technician
Providing medical care and treatment in an effort to achieve optimal mental and physical patient well-being. Duties may include assessing patient health, diagnosing illnesses, performing surgery, prescribing medication, implementing prevention strategies, conducting/reviewing laboratory diagnostics, and supervising medical support staff. Most of these occupations require a graduate education.

Office & Administrative Support
Providing clerical support within an organization. Duties may include preparing statements, tracking accounts, record keeping, bill collecting, making phone calls, scheduling appointments, entering data, providing customer service, ordering and tracking inventory, handling monetary transactions, among other administrative support tasks.
